

SUMMARY OF EXEMPTIONS & DEVIATIONS ISSUED

SECTION 1 GENERAL

1.1 PURPOSE

This advisory circular (AC) provides a summary of exemptions and deviations that have been issued by the Philippine Civil Aviation Authority to approve alternate methods for compliance with the Philippine Civil Aviation Regulations (PCARs).

1.2 STATUS OF THIS ADVISORY CIRCULAR

This AC is an original issuance.

1.3 APPLICABILITY

This advisory circular should be consulted by the individuals and organizations subject to the safety oversight of the CAAP for reference regarding alternate methods for compliance with the PCARs that have been approved.

1.4 EXPLANATION OF THIS SUMMARY

1.4.1 EXPLANATION OF SECTION 2: SUMMARY TABLES

Each issued exemption or deviation will first appear in Section 2 of this advisory circular in a summary listing table for ease of reference—

- 1) As a summary line item in the tables in Section 2 of this AC, under the sub-section for the specific regulation Part (sorted by regulation section number and subparagraph); and
 - ◆ Example summary listing (EX=Exemption; DV=Deviation)

Regulation	Control#	Type	Effective Date	Expiration Date
11.403(a)(1)(iix)	09-02045	EX	21/01/2010	31/12/2010
11.405(b)(3)	10-00345	DV	21/01/2010	31/12/2010

- 2) In a textual summary paragraphs in Section 3 of this AC, sorted by control number.

- Advisory Circulars are intended to provide advice and guidance to illustrate a means, but not necessarily the only means, of complying with the regulations, or to explain certain regulatory requirements by providing informative, interpretative and explanatory material.
- Where a regulation contains the words “prescribed by the Authority,” the AC may be considered to “prescribe” a viable method of compliance, but status of that “prescription” is always “guidance” (never regulation).

1.4.2 EXPLANATION OF SECTION 3: TEXTUAL SUMMARY

Each issued exemption or deviation will then appear in Section 3 of this advisory circular as a summarized briefing with the details of the request and the basis for issuance. This textual summary contains the following information—

- 1) Control number (in sorting order) with suffix EX or DV, e.g. 09-0245-EX
- 2) Issued to;
- 3) CAAP issued number—
 - ◆ For aircraft, the aircraft serial number will be used;
 - ◆ For individual, the CAAP PEL number will be used;
 - ◆ For an organization, the CAAP organization number will be used.
- 4) Effective Dater
- 5) Expiration Date;
- 6) Statement of applicable alternative requirement;
- 7) Basis for approving the alternative requirements.

SECTION 2 SUMMARY TABLES
