

Civil Aviation Authority of the Philippines
Geodetic Engineer's Certificate

Note: This form shall be filled-up completely, legibly, correctly and with no erasures in print format.

1. PROPERTY DETAILS

Lot Owner					
Site Location	Lot No.	Block No.	Survey No.	Street	Subdivision/Village/Zone
	Barangay/District	Municipality or City		Province	Zip Code

2. SURVEY DETAILS AND RESULTS

Geodetic coordinates of the proposed structure/site in World Geodetic System of 1984 (WGS-84) datum	Point/ Corner	Latitude			Longitude		
		Deg	Min	Sec	Deg	Min	Sec
	Orthometric Height (EGM2008) of the Site					Meters	
Date of Survey	From			To			
Type of Survey			Instrument Used				

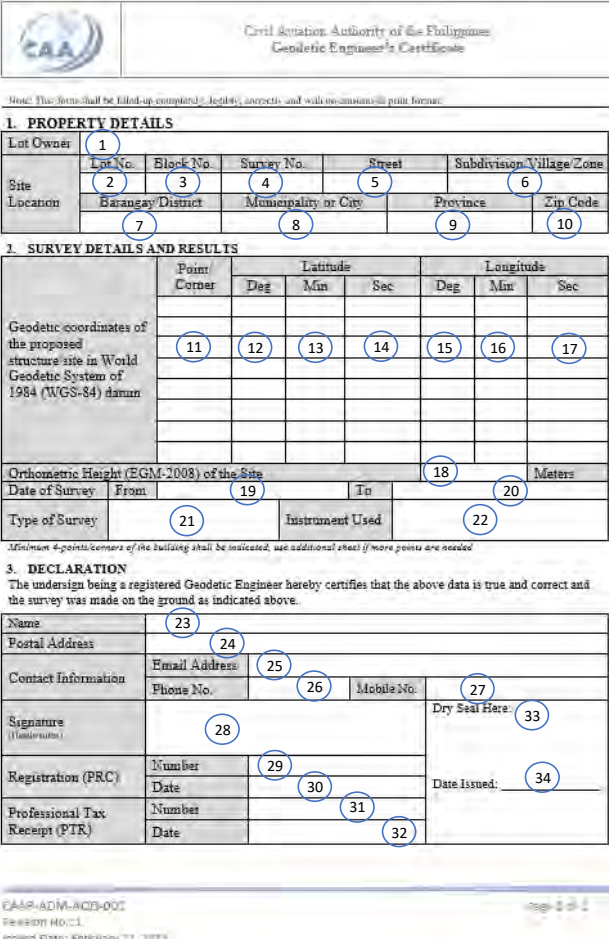

Minimum 4-points/corners of the building shall be indicated, use additional sheet if more points are needed

3. DECLARATION

The undersign being a registered Geodetic Engineer hereby certifies that the above data is true and correct and the survey was made on the ground as indicated above.

Name				
Postal Address				
Contact Information	Email Address			
	Phone No.		Mobile No.	
Signature (Handwritten)				Dry Seal Here: Date Issued: _____
Registration (PRC)	Number			
	Validity			
Professional Tax Receipt (PTR)	Number			
	Date			

GUIDE IN ACCOMPLISHING HEIGHT EVALUATION APPLICATION FORM (CAAP-ADM-AOD-002)

The form is titled "Civil Aviation Authority of the Philippines Geodetic Engineer's Certificate". It includes a header with the CAA logo and a note: "Note: This form shall be filled up completely, legibly, accurately and without omission in point format".

1. PROPERTY DETAILS

Lot Owner	1					
Site Location	2	3	4	5	6	
	7	8		9	10	

2. SURVEY DETAILS AND RESULTS

Point/ Corner	Latitude			Longitude		
	Deg	Min	Sec	Deg	Min	Sec
11	12	13	14	15	16	17
Orthometric Height (EGM-2008) of the Site				18 Meters		
Date of Survey	19	20	21			
Type of Survey	22		23			

Minimum 4-points/corner of the building shall be indicated, use additional sheet if more points are needed

3. DECLARATION
The undersigned being a registered Geodetic Engineer hereby certifies that the above data is true and correct and the survey was made on the ground as indicated above.

Name	24					
Postal Address	25					
Contact Information	Email Address	26		Mobile No.	27	
Signature (Minimum)	28				29	
Registration (PRC)	Number	30		Date	31	
Professional Tax Receipt (PTR)	Number	32		Date	33	
				Date Issued	34	

CAAP-ADM-AOD-002
Revision No.: 1
Issued Date: February 21, 2023

- 1 **Lot Owner** – indicate the name of the lot owner.
- 2 **Lot No.** – indicate the lot number of the location of the site as reflected on the cadastre.
- 3 **Block No.** – indicate the block number of the location of the site as reflected on the cadastre.
- 4 **Survey No.** – indicate the survey number of the location of the site as reflected on the cadastre.
- 5 **Street** – indicate the street of the location of the site.

- 6 **Subdivision/Village/Zone** – indicate the name of subdivision/village if site is located within such or if not indicate the zone of the location of the site.
- 7 **Barangay/District** – indicate the name of barangay where the site is located include District if available.
- 8 **Municipality or City** – indicate the name of Municipality or City where the site is located.
- 9 **Province** – indicate the name of Province where the site is located.
- 10 **Zip Code** – indicate the unique 4-digit numerical code representing the location of site.
- 11 **Point/Corner** – indicate the number corresponding the point/corner of the property or structure. Minimum of four (4) points is required.
- 12 **Deg** – indicate the corresponding degrees reading for latitude as reflected on the results from the survey.
- 13 **Min** – indicate the corresponding minute reading for latitude as reflected on the results from the survey.
- 14 **Sec** – indicate the corresponding seconds reading for latitude as reflected on the results from the survey; At a maximum of five (5) decimal points.
- 15 **Deg** – indicate the corresponding degrees reading for longitude as reflected on the results from the survey.
- 16 **Min** – indicate the corresponding minute reading for longitude as reflected on the results from the survey.
- 17 **Sec** – indicate the corresponding seconds reading for longitude as reflected on the results from the survey; At a maximum of five (5) decimal points.

- 18 **Orthometric Height (EGM2008) of the Site** – indicate the vertical distance along the plumb line from point of interest to a reference surface known as geoid. Use Earth Gravitational Model 2008 (EGM2008) as reference. Use a maximum of three (3) decimal point.
- 19 **Date of Survey, From** – indicate the start date of the conduct of survey.
- 20 **Date of Survey, To** – indicate the end date of the conduct of survey.
- 21 **Type of Survey** – indicate the type of survey conducted.
- 22 **Instrument Used** – indicate the type of instrument used during the conduct of survey.
- 23 **Name** – indicate the name of the Geodetic Engineer who conducted the survey.
- 24 **Postal Address** – indicate the address/Office address of the Geodetic Engineer who conducted the survey.
- 25 **Email Address** – indicate the email address of the Geodetic Engineer who conducted the survey.
- 26 **Phone Number** – indicate the phone number of the Geodetic Engineer who conducted the survey.
- 27 **Mobile Number** – indicate the mobile number of the Geodetic Engineer who conducted the survey.
- 28 **Signature** – indicate the signature of the Geodetic Engineer who conducted the survey.
- 29 **Registration (PRC), Number** – indicate the unique seven (7) digit PRC license number of the Geodetic Engineer who conducted the survey.
- 30 **Registration (PRC), Date** – indicate the date of validity of the PRC license of the Geodetic Engineer who conducted the survey.
- 31 **Professional Tax Receipt (PTR), Number** – indicate the unique seven (7) numerical value reflected in the Official Receipt in paying for the PTR.
- 32 **Professional Tax Receipt (PTR), Date** – indicate the date of payment of the PTR.
- 33 **Dry Seal Here** – emboss the unique dry seal of the Geodetic Engineer who conducted the survey.
- 34 **Date Issued** – indicate the date of certification of the Geodetic Engineer who conducted the survey.
