

BID BULLETIN NO.1
23 October 2023

- I. Attention is hereby invited to the Bidders of the **Purchase and Installation of Communications Equipment for Tacloban Airport** (Bid No. 23-038-10)II.
- II. Clarifications on the bid document issued for the project apply as follows:

CLARIFICATION	REPLY
1. Bid document reference "ANS design 2B" copy:	The design is used by ANS for internal reference
2. In the "Antenna System & Other Accessories",	
a. Requirements for 4-channel receive multi-coupler do not tally with the 3-Channel transmitter (3-main & 3-standby). Is the fourth cavity and channel of the combiner and multi-coupler reserve for future use?	Yes, the 4th channel is a spare channel.
b. There are 2 units each, 4-channel transmit combiner & 4-channel receive multi-coupler, making it a total of 4 units that is required to be terminated to an antenna. But the tender requested for 3 sets of antenna system.	The second unit is also a spare unit.
3. C.1.4. Transient Voltage Surge Suppressor (TVSS), although written in the requirement for TVSS device per radio. Is CAAP open to alternative where a TVSS device is used for each supply phase into the rack (Main & back up phase)?	Please refer to Section B.20, this section permits design/configuration or specification but requires bidders to give rationale/benefit of the deviation.
