

PUBLIC ADVISORY

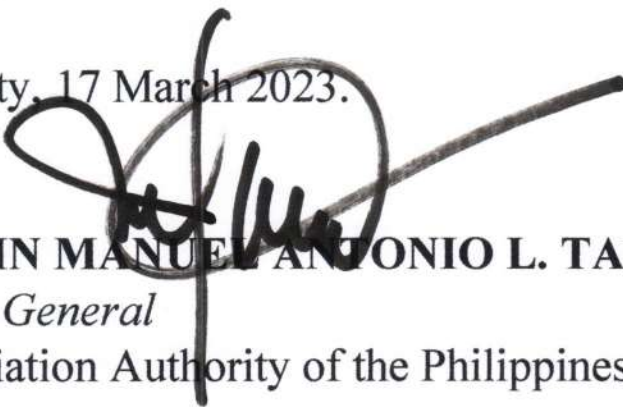

The Authority reiterates its public advisory for general public and all its stakeholders that CAAP Officials, and personnel **have never and will never solicit** goods and/or money from any private person or entity.

This is in light of several recent reports received by the CAAP Management of such acts of solicitation by unscrupulous individuals purporting to be the undersigned and other CAAP Officials, which this Authority does not tolerate.

We urge the public to report to our office any activities relating to the above so that appropriate criminal charges may be filed against them. We further urge the public to remain vigilant.

Finally, we inform the public that all communications from our office and personnel shall only be done through official channels.

Pasay City, 17 March 2023.

CAPTAIN MANUEL ANTONIO L. TAMAYO
Director General
Civil Aviation Authority of the Philippines
