

**MEMORANDUM**

**TO : ALL OWNERS / OPERATORS OF PHILIPPINE REGISTERED AIRCRAFT**

**SUBJECT : UNREPORTED AIRCRAFT MAJOR MODIFICATIONS AND REPAIRS**

**DATE : 11 APRIL 2022**

---

It has come to the attention of this Authority that unreported modifications and/or repairs are performed on Philippine registered aircraft. This is a violation of the following provisions of the Philippine Civil Aviation Regulations, to wit:

1. PCAR Part 5.6.1.9 – Performance Rules: Modifications and Repairs;
2. PCAR Part IS 5.7.1.1 – Recording of Major Repairs and Major Modifications;

These discrepancies were noted during the application process for Certificates of Airworthiness and Registration (if the application is original). Moreover, this may require multiple inspections for the aircraft e.g., the airworthiness and the validation of major modification/repair.

In this regard, all aircraft owners / operators shall clearly indicate in their application for Original/Renewal of Certificate of Airworthiness that the aircraft has undergone a major modification/repair to avoid delay in the processing of the Certificate of Airworthiness.

For concerns and clarifications, please contact the Airworthiness Department thru email: [awd@caap.gov.ph](mailto:awd@caap.gov.ph) and telephone no. (02)7 944-2165.

  
**CAPTAIN DONALDO A. MENDOZA**  
*Deputy Director General for Operations /  
OIC – Flight Standards Inspectorate Service*
