Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and/or Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

The PSA is required to send official representatives during inspections or inventory-taking in airports/facilities under CAAP AREA I.
- 14.4. Whenever necessary and as requested by the CAAP through CSIS, the PSA consents and agrees to make available for examination by CAAP, its Financial Statements, PNP-SOSIA permit to operate, detachment logbooks, time records and such other papers as may be deemed necessary or appropriate by the CAAP.

15. MONITORING AND EVALUATION

- 15.1. The Performance of the PSA will be evaluated quarterly by CSIS based on the quality of work and its compliance with the terms and conditions of the Contract.
- 15.2. Quarterly Security Performance Evaluation and Inspection Review will be conducted by the CSIS Technical Review & Assessment Committee (TRAC) to assess the performance

of the PSA in terms of Contract Compliance, Manpower Requirements, Supplies & Equipment Inspection, Personnel/Work Performance and other related requirement which will form part of the Performance Review of the PSA;

- 15.3. Firearms, vehicles/motorcycles, handheld radios & other equipment shall be inspected daily by CSIS Area/Airport Security Manager or his authorized representative to determine its compliance with the contract and TOR;
- 15.4. The PSA shall maintain at least “SATISFACTORY” level of performance throughout the term of the Contract using the Performance Evaluation Assessment Form (Annex “C”) and/or relevant CAAP/CSIS issuances;
- 15.5. Two consecutive failed ratings of CSIS TRAC shall be a ground for termination of the contract. A written notification shall be issued to the contracted PSA and shall be given five (5) calendar days upon receipt of the notification to appeal on why the contract should not be terminated;
- 15.6. Before the end of the contract period, CSIS-TRAC shall conduct an assessment or evaluation of the performance of the PSA based on the CAAP set Performance Criteria. The average of the Four (4) Ratings of the CSIS-TRAC shall be “Eighty Percent (80%)” to qualify for the extension of the Contract for another year. The result of the performance evaluation is non-appealable.
- 15.7. The CAAP–TRAC shall be composed of representatives from the Security Division, CSIS. They shall conduct the monitoring of the Private Security Agency’s Performance and deficiencies after every quarter of the year. Report on the findings of the Committee shall be submitted to the Director General.
- 15.8. Based on the Performance Evaluation Assessment, CAAP may cause the termination process of the Contract for failure of the PSA to perform its obligations thereon following the procedure prescribed under the “Guidelines of Termination of Contracts” issued by the Government Procurement Policy Board under Resolution No. 018-2004 dated 22 December 2004.

16. LIABILITY FOR LOSS, DAMAGE OR INJURY

- 16.1. The PSA shall be responsible for any loss or damage that may be incurred by the airports/facilities under CAAP AREA I due to PSA’s willful act or negligence or violation of the Contract, or due to the willful act or negligence/carelessness of its security officers and guards in the performance of their duties. In such event, and at the sole discretion of CAAP, lost or damaged CAAP properties within the airports/facilities shall be replaced based on the Fair Market Value (FMV) of said CAAP properties. FMV shall mean the current appraised value of the relevant property as determined by CAAP based on an in-house or third-party appraisal. CAAP shall have the prerogative to suspend payments due to the PSA under the Contract, pending result of final investigation of the loss or damage suffered by CAAP, without prejudice to other legal remedies available to CAAP. Upon receipt of the result of investigation and due notice to the PSA, any loss or damage to CAAP properties be found to have been caused by the fault or negligence of the Security Guards, Supervisors and/or the PSA itself, the PSA authorizes CAAP to deduct from any

payments due to the PSA under the Contract, the corresponding FMV of the property that was lost or damaged, and to forfeit the Performance Security.

- 16.2. In cases of encroachment upon CAAP airports/facilities by illegal settlers, CAAP shall have the prerogative to withhold payments due to the PSA from its security billings under the contract, and to forfeit its Performance Security, without prejudice to other legal remedies available to CAAP under the contract and under applicable laws and rules if subsequent investigation indicates negligence or lack of due diligence. The amount withheld shall be released only upon the PSA's eviction of the illegal settlers or upon the complete resolution of the illegal settlement or encroachment issue as may be determined by CAAP. However, in the event that the PSA fails to resolve such illegal settlement or encroachment issue after a reasonable period, and it no longer manifests interest in resolving the same, CAAP shall, upon prior written notice, have the prerogative to declare the PSA in default and the withheld amount shall be recovered by CAAP. In no case, however, shall the forfeited Performance Security be returned to the PSA. In the event of such forfeiture, the PSA shall provide CAAP with a new Performance Security and the Bid Data Sheet as security for the faithful performance by the PSA of any and all its obligations under the contract, and to cover any loss, damage or injury suffered by CAAP or for which the PSA may be made liable under the terms of the contract. Failure by the PSA to provide CAAP with a new or replacement Performance Security shall entitle CAAP to terminate the contract.
- 16.3. The PSA shall assume full responsibility for any loss of or damage to any property, and for any personal injury, including death, of any person, that may be caused by act, willful omission or gross negligence of its security personnel assigned to the airports/facilities under CAAP AREA I.
- 16.4. The PSA shall hold CAAP free and harmless from any and all liabilities or claims for loss or damage to property or for personal injury, including death, which CAAP, its officials, employees and personnel or third persons may suffer by reason of the performance or non-performance of the obligations of the PSA under the Contract.

- 23.1.10. The PSA has engaged or is engaging in corrupt or collusive or coercive or obstructive practices defined in **ITB 3.1(a) and GCC 2.1(a)**, or is engaging in unlawful or unethical business or employment practices;
- 23.1.11. Loss of trust and confidence in the PSA;
- 23.1.12. Any change in the number of guards and/or reshuffling of the guard/s, or any removal or replacement of guards, without the prior written approval of CAAP through CSIS;
- 23.1.13. Failure of the PSA to cause the withdrawal, replacement, decrease or increase of posting and number of guards as required by CAAP through CSIS;
- 23.1.14. Summary of Violations exceeded 10% of the total amount of the contract;
- 23.1.15. Failure of the PSA or its security personnel to comply with their obligations under the contract;

 - 23.3.
